 Bhopal, Madhya Pradesh, India |  kapilkurchaniya98@gmail.com |  LinkedIn |  GitHub |  Freelancer

PROFESSIONAL SUMMARY

Motivated and passionate B.Tech Information Technology student with practical experience in Full Stack Web Development using the MERN Stack. Skilled in building responsive web applications, REST APIs, realtime systems, and modern user interfaces using JavaScript technologies. Strong understanding of frontend and backend development with hands-on project experience. Passionate about problem-solving, scalable application development, and continuous learning.

EDUCATION

Oriental Institute of Science and Technology, Bhopal Expected Graduation: 2028
Bachelor of Technology (B.Tech) – Information Technology | RGPV University

TECHNICAL SKILLS

Programming Languages: JavaScript, Java, HTML5, CSS3
Frontend Development: React.js, Responsive Web Design, UI/UX Development, Component-Based Architecture
Backend Development: Node.js, Express.js, REST APIs, Authentication Systems, Socket.IO
Database: MongoDB
Tools & Technologies: Git, GitHub, VS Code, Postman
Core Strengths: Problem Solving, Quick Learner, Team Collaboration, Debugging Skills, Communication Skills

INTERNSHIP EXPERIENCE

Cybrom Technology Pvt Ltd Duration: 15 Days
MERN Stack Intern

- Developed responsive frontend interfaces using React.js and improved understanding of full stack application workflows.
- Integrated backend APIs using Node.js and Express.js, and handled data operations using MongoDB.
- Practiced debugging and problem-solving in real-world development scenarios, and collaborated on development tasks adhering to modern coding practices.

PROJECTS

KRISHI MITRA – Agriculture Information Platform [GitHub Link](#)
Technologies: HTML, CSS, JavaScript

- Developed an agriculture-focused web platform to provide digital support and accessible information for farmers.
- Designed responsive, clean, and user-friendly interfaces to ensure smooth navigation and high accessibility.

Karishma's Kitchen – Restaurant Website

[GitHub Link](#)

Technologies: HTML, CSS, JavaScript

- Built a responsive restaurant website featuring a modern UI, attractive layout, and food showcase sections.
- Optimized the website layout and navigation elements for an enhanced user experience across all devices.

TOGORE VIDYA NIKETAN – School Website

[GitHub Link](#)

Technologies: HTML, CSS, JavaScript

- Developed a responsive educational institution website with structured navigation and organized content presentation.
- Designed clean, user-centric interfaces tailored for students, teachers, and visitors.
